MEMORANDUM FOR: Director of Operations, DPS/DCI

SUBJECT : Edwards Test Schedule

25X1A

1. At our Staff Meeting on 8 July, I requested that you prepare, in consultation with Messrs. [REDACTED] new schedule of projected test activities at Edwards. I am aware that only rough estimates can be made as to timing and duration of particular tests but believe we should have at least that available to us.

2. I am returning to you herewith the last such schedule that is in my possession and which is dated 22 April. I believe the new schedule should cover not only those items on which further test work is in progress or will be necessary but also items in the attachment on which work has now been completed. For the record, it would be interesting to know approximately when the work was completed and what is the status of the item in question.
